Thanksgiving 2007

Our turkeys are American-style (heavy on white breast meat) and farm-raised in France so they come to you fresh--never frozen and defrosted. This insures that they roast up moist and tender; year after year our customers report that they're the best turkeys ever to grace their tables. We'll be glad to include our tried-and-true cooking instructions upon request.

When ordering an uncooked bird, plan on 1 KG per two adults, adding an extra kilo or so if you want plenty of leftovers. (1KG = 2.2 lbs). Most French wall ovens can accommodate up to a 6KG bird, but many floor and all countertop models are smaller. If your guest list is larger than your oven, consider ordering one of our roast turkeys and cooking another yourself; you'll have the unbeatable aroma of Thanksgiving without having to juggle cooking two turkeys. Our hand boned and rolled turkeys, to cook yourself or cooked by us can also give you extra slices with a minimum of hassle. All of our cooked birds are roasted to order and will be hot when you pick them up at an agreed time.

UNCOOKED TURKEYS

Farm-raised turkeys, ready to stuff and cook, 3 - 10 KG € 11.95 / KG
Hand boned and rolled farm-raised turkeys, weighed before boning € 14.50 / KG
