Our online service [www.usgroceriesonline.fr](http://www.usgroceriesonline.fr) assures delivery of all non-perishable items in stock. All online orders must be in by NOV 20, after which our online ordering site will be closed until DEC 1, 2016.

## Thanksgiving Turkeys 2016

We've been supplying fresh, farm-raised turkeys to Parisians of all nationalities during the fourth week of November for nearly 30 years now. Our turkeys are American-style—heavy on white breast meat—but farm-raised in France so they come to you fresh, never frozen and defrosted. This insures that they roast up moist and tender; year after year our customers report that they're the best turkeys ever to grace their tables. We'll be glad to include our tried-and-true cooking instructions upon request.

When ordering, plan on 1 KG per two adults, adding an extra kilo or so if you want plenty of leftovers. (1KG = 2.2 lbs). Most French wall ovens can accommodate up to a 6KG bird, feeding 12 adults, but many floor and countertop models are smaller. Our hand-boned and rolled turkeys will give you extra slices with a minimum of hassle, and are as delicious as the full bird, although certainly less dramatic at the table. *The turkeys are available for pick up only from Tuesday Nov. 22 through Saturday Nov. 26, but must be ordered by Thursday Nov. 17. We regret that we cannot supply turkeys earlier or later than these dates.*

We no longer roast the birds or prepare any of the side dishes, but we stock all of the fresh and imported ingredients to do the job yourself. Which is what Thanksgiving is about, anyway!

## FRESH TURKEY and HOMEMADE PIES

Farm-raised turkeys, ready to stuff and cook, any size from 3 to 10+ KG	€12.50/KG
